Sec. 8-20. - Use of equipment and vehicles.

(f) *Take Home Vehicle Policy*. Employees may, upon specific written direction or approval of the Executive Director or Designee, be assigned to take home an England Economic and Industrial Development District vehicle on a permanent or semi-permanent basis. An employee with a take home vehicle shall follow the following provisions:

1. Only the EEIDD employees, possessing a valid State of Louisiana driver’s license appropriate for the vehicle, are authorized to operate EEIDD vehicles.

2. Employees shall not operate an EEIDD vehicle while under the influence of drugs or alcohol.

3. Employees shall not transport any persons other than EEIDD employees in an EEIDD vehicle, except in the course of official business.

4. Employees and authorized passengers are expected to observe all traffic regulations, including seatbelt usage, and all policies and procedures of the EEIDD, while operating a take home vehicle.

5. All incidents involving EEIDD vehicles must be reported to the law enforcement office of the appropriate jurisdiction, the employee’s supervisor, and to Finance & Purchasing Assistant immediately. Employees with take home vehicles will provide copies of any accident reports, citations, etc., concerning the vehicle or its operation, to the supervisor and/or Finance & Purchasing Assistant.

6. Employees will not operate their vehicles in such a way as to cause public criticism or nuisance. This includes vehicle parking when not in use.

7. Employees are expressly prohibited from making any cosmetic or mechanical modifications to any EEIDD owned vehicle without the approval of the Director of Operations. The Director of Operations reserves the right to remove any or all modifications that may impair the vehicles safety or usefulness and or cosmetic changes that are not in keeping with EEIDD policy.

8. Take home vehicles may only be used for personal purposes on a “de minimis” basis, such as an occasional use for a personal errand while using the take-home vehicle for a business purpose or during a commute to or from work. An exception to this personal use limitation is the Executive Director’s and Deputy Director’s take home vehicle, which is not restricted from personal use.

9. Unattended take home vehicles shall be legally parked and locked at all times, except in emergency circumstances. Employees shall not leave sensitive information or public documents (other than reference material) in the vehicles while off duty.

10. Employees are responsible for the maintenance of their take home vehicles. Scheduled maintenance will be coordinated with the Director of Operations. Employees will be responsible for routine maintenance, such as checking the tire pressure, all fluid levels, etc. Employees may be subject to disciplinary action for failing to maintain their take home vehicles in proper working order or if there are signs of mechanical abuse or uncleanness. All vehicles maintenance shall occur on duty. No compensation will be made for any maintenance performed off duty.

11. Take home vehicles should be fueled at the Administration Office fueling station, whenever practical. Reimbursement for any other fuel may be denied.

12. Any employee assigned a take home vehicle is *required* to commute in the vehicle for valid business reasons.
(13) Occasions that may prompt the Executive Director or Designee to authorize additional employees to take home department vehicles include but are not limited to: preparations made in advance of a severe storm, such as a hurricane, to secure vehicles or to position vehicles to facilitate effective post-storm service restoration/clean-up activities. Such authorizations may be temporary in nature and may require alternative work assignments. Pre-approval from the Executive Director or Designee to take home an EEIDD vehicle for storm related purposes may be requested in writing through Department Heads in accordance with Department/Division Disaster Plans.

(14) The assignment of an EEIDD take-home vehicle may result in taxable income to the employee pursuant to IRS rules. Typically, qualified non-personal use vehicles (such as an ambulance, bus or other vehicle whose design would make the vehicle unlikely to able to be able to be used personally) are exempt from taxation, while use of other vehicles may result in the attribution of taxable income. In circumstances where the employee with a take-home vehicle is not restricted to personal use (i.e. Executive Director) he/she will be required to keep a log of all personal usage – to be turned in monthly. At the end of the year, the personal use miles will be divided by the total miles driven in that vehicle to determine the “personal use percentage” of that vehicle. The personal use percentage will be multiplied by the Annual Lease Value (as determined in IRS Pub. 15-B) to determine the amount that must be added to that employee’s taxable income.

(15) Violations of this policy and procedures may result in disciplinary action and could result in the revocation of take home vehicle privileges.
